

Tofield Agricultural Society
Box 273
Tofield, AB
T0B 4J0

For Immediate Release;

The Tofield Agricultural Society is an organization rich in culture, progressive change, and stands on both benefitting and giving back to the community as a whole. Recently, through Federal Grants, Municipal contributions, and the exceptional generosity of the community, the Tofield Arena was able to undergo major, significant renovations. These “Phase 1” renovations will stand to serve for the betterment of the arena and on ice operations for upwards of the next 25 plus years.

Continuing in the breath of progression, change and community betterment, the Agricultural Society will be implementing a “Phase 2” for the Tofield Arena. “Phase 2” is being predominantly driven by safety and functionality. Structural Engineering reports have identified safety and functionality concerns with the current area being used to home the Zamboni ice machine. Further, these reports have identified the area is beyond functional repair for this continued use and capacity.

Therefore, after great thought, and consideration, the Tofield Agricultural Society has embarked on “Phase 2” will look at the new construction of a dedicated Zamboni Room, enhanced washroom areas, storage, and a dedicated area for referees. This concept has been engineering vetted and has involved discussion and consultation with the Town of Tofield and Beaver County, who have both graciously agreed to provide monetary support. Also, and of equal importance, Provincial granting monies have been secured for this project.

Although the monetary contributions, and dedication of both Municipal and Provincial funds are exceptionally appreciated and necessary, the Agricultural Society is needing the help and support of the community once again. The success of the past Take a Year Off Lottery and 50/50 were evident, therefore both will be returning to help with this project. Please keep close eye on the announcement for the Take a Year Off Lottery in the near future.

The Arena is a vital component of Tofield, Beaver County and a strong part of our community identity. Our community Arena will need the community’s support. Should you or your business want to look to donate monies etc. please contact the Ag Society President to discuss further. Tofield, Beaver County and surrounding areas, together we can ensure success on this project.

On behalf of the Tofield Agricultural Society

Respectfully,

Dave Berrecloth
President
